GAINS CLAIMED BY JAPS IN CRITICAL BATTLE FOR JAVA

Enemy Columns are Striking Toward the Capital of Batavia

BY ROGER D. GREEN
Associated Press War Editor

Japan's invasion hordes scored new gains against outnumbered American, British and Dutch troops in the critical four-day-old battle of Java today, and the danger was now so acute that N. E. I. headquarters announced the major part of a scorched earth defense policy had already been carried out.

A Tokyo radio broadcast said Japanese mechanized units this morning reached a point west of the big Dutch naval base at Soerabaja, in eastern Java, and there clashed with "Allied forces trying desperately to halt the Japanese onslaught."

Other enemy columns were striking toward the capital city of Batavia, in western Java, where demolition squads already had begun to blast the picturesque 320-year-old town, and toward the Allied headquarters city of Bandoeng.

Once again, a tragic story of Allied numerical inferiority—in planes, ships and men—emerged from the struggle for this last United Nations stronghold in the Indies.

Dutch quarters in London said that only about 50,000 Allied troops, among them "a few thousand American and British," were fighting at least 85,000 Japanese and that the United Nations naval force had suffered "a crippling blow" in attempting to halt the Japanese invasion fleet.

Highly reliable Dutch sources in London reported simultaneously that Vice Admiral C. E. L. Helfrich had resigned as commander in chief of Allied naval forces in the Indies.

These sources declared Japanese submarine victories had reduced Dutch naval strength to such an extent that the Allies no longer were able to undertake a counter-offensive in the far Pacific battle theatre.

Against the sombre background of the Java conflict, reports from the Burma front declared that sharp Allied aerial attacks had slowed the Japanese drive toward Rangoon and that the enemy was being held virtually at a standstill.

In the Philippines, Gen. Douglas MacArthur's small air force lashed out in a surprise attack on Japanese shipping in Subic bay, sinking two enemy ships and several

smaller craft, the war department announced. A bulletin from his headquarters listed a 10,000-ton vessel and an 8,000-ton ship as sunk and said big fires were started on the docks at Olongapo, former U. S. naval station in Subic bay. Many smaller vessels were damaged.

A German broadcast recorded by Exchange Telegraph, British news agency, declared one Japanese spearhead had advanced to within about 20 miles of Batavia and that the fight for the capital of the Netherlands East Indies was in full swing.

An Allied counterattack was reported late yesterday to have driven the Japanese back seven miles in one important sector.

Darwin, a naval and air base on the north coast of Australia, was raided again by the Japanese. Prime Minister John Curtin announced.

Moscow, March 4.—(P)—Soviet forces have destroyed "about 50 centers of enemy resistance" and killed 650 officers and men in an offensive on the Leningrad front which still is continuing, the Soviet communiqué announced today.

Forty Germans were killed in one house alone when an infantry platoon tossed hand grenades into the windows. Twenty Germans heeded the call to surrender before the missiles were thrown.

Soviet soldiers slew 3,400 foe-men in two combat zones above Moscow in 48 hours of action this week and blasted an aerial supply base of the encircled 16th German army with shellfire, the Russians said today.

"Two thousand German officers and men were killed during the last two days on the Leningrad front," the Soviet information bureau said. "On the Kalinin front the enemy lost 1,400 officers and men killed."

Between Kalinin and Leningrad lies the Staraya Russa sector, in which dispatches said a Soviet drive was gradually tightening up on the 98,000 or more men of the invaders' 16th army.

Heavy explosions and big fires developed on one of the airfields the Germans are using in an attempt to ferry supplies to the beleaguered men by planes under pounding by Russian artillery batteries, dispatches from the front said.

The information bureau said today.

San Juan, Puerto Rico, March 4.—(P)—This territorial capital was blacked out today from 3:05 a. m. to 3:40 a. m. There was no immediate explanation.

San Juan, Puerto Rico, March 4.—(P)—A thousand WPA workers on a ground project at the United States Isla Grande naval base struck today for increased pay.

London, March 4.—(P)—A statement from the Free French national committee of General Charles De Gaulle declared today that all Parisians arriving in London reported that residents of the Nazi-occupied capital "ardently desired" RAF raids on factories in the Paris zone which were working for Germany.

London, March 4.—(P)—The big German naval port of Emden was raided and mines were sown by air in enemy waters last night while the RAF was making its major blow against Paris, the air ministry disclosed today, listing two planes as the night's total losses.

Rangoon, Burma, March 4.—(P)—British army headquarters announced today that tank-supported British infantry units "have been in contact with the enemy northeast of Pegu" and have inflicted casualties.

Bataan Air Force Scores Double Triumph

600 DIE IN RAF RAIDS IN FRANCE

Toll of Bombings on Industrial Suburbs of Paris Mounts Steadily, as Rescue Workers Dig Through Ruins; May Mean End of Effort to Avert Collaboration

WASHINGTON IS NOT CONSULTED ON ACTION

BULLETIN

Washington, Mar. 4.—(P)—The British bombing of factories in the suburbs of Paris was a legitimate measure of war, acting Secretary of State Welles told a press conference today.

Vichy, Unoccupied France, March 4.—(P)—The death toll of an RAF raid on the industrial suburbs of Paris last night mounted steadily today, as rescue workers dug through the ruins, and shortly after noon was placed semi-officially at 600 with more bodies constantly being recovered.

Earlier, a communiqué has announced at least 442 persons killed, more than 1,000 wounded and between 200 and 250 houses destroyed on the basis of preliminary information from the Nazi-occupied French capital.

Along with the bombs, the RAF dropped leaflets addressed to the Paris population, saying they had come to bomb factories manufacturing arms for "our enemy" and would return now that they knew where to strike.

London, March 4.—(P)—The heavy bombing attack by the RAF last night on the great Renault plant and other industrial installations in the suburbs of Paris may mean the end of Allied attempts to coax the Vichy government away from collaboration with Nazi Germany, informed British sources declared today.

An official spokesman asserted the bombing, in which "buildings destroyed," was a "special mission" it was announced today.

Lieut. Gen. Hein Ter Poorten, commander of the Dutch East Indies army, has been made acting commander of the naval units in coastal waters, the announcement said.

The Netherlands government information bureau said the government had instructed the governor-general in the Indies, A. W. L. Tjarda van Starkenborgh Stachouwer, to transfer the command of the fighting forces to Gen. Ter Poorten following upon the departure of Gen. Archibald F. Wavell, former Allied generalissimo in the southwest Pacific.

Reliable Dutch sources refused to speculate on whether the 53-year-old admiral had stepped out because of the loss of two Dutch cruisers in a night battle with a Japanese invasion armada last week.

Admiral Helfrich took over the Allied command Feb. 11 after the Japanese invasion armada last week.

Man Uses Mallet to Slay Mother-in-Law

Akron, O., March 4.—(P)—Police said today a first degree murder charge would be preferred against Beaumont C. Perkins, 39, railroad worker, in the mallet slaying of his 68-year-old mother-in-law, Mrs. Ella DeVoe.

Detective Lieut. Robert Van Steenberg Perkins confessed to beating Mrs. DeVoe at her home following an argument over his drinking.

Her body was found in the basement of her east Akron dwelling last night after the son-in-law called authorities.

Better Take Care of 1942 License Plates

Harrisburg, March 4.—(P)—Pennsylvania motorists had better take care of their 1942 license plates because there may not be any new ones next year.

Governor James told his conference the amount of steel available for 1942 plates would be 10 per cent of this year's quota of 1,151 tons.

But that doesn't mean the motorists won't have to buy plates, James said the 10 per cent allocation would be just about enough to make tags to attach to the old plates, perhaps large enough to cover the 1942 markings.

HARR DECISION SETS STAGE FOR PRIMARY FIGHT

Three Outstanding Leaders in Democratic Party Already Announced For Nomination for Governor In May

M'NAIR ALSO RUNNING

BULLETIN

Philadelphia, March 4.—(P)—Judge Ralph H. Smith of Pittsburgh, candidate for the Democratic nomination for governor with the backing of U. S. Senator Joseph F. Gurney, said here today he would not permit his name to be submitted to the Democratic state committee for possible endorsement. Declaring he has "no interest in any deals, compromises or settlements," Judge Smith said he had asked Meredith Meyers, Democratic state chairman, "to refuse to accept any nomination of myself from the floor."

Harrisburg, March 4.—(P)—Dr. Luther A. Harr, of Philadelphia, jumped into the Democratic nomination race today, setting the stage for a spirited intra-party fight for the nomination in the May 19 primary.

Harr announced in Washington he was a candidate, asserting: "In entering the primary I am appealing from the bosses directly to the people."

Auditor General F. Clair Ross and Common Pleas Judge Ralph H. Smith, of Pittsburgh, both are avowed candidates. Smith with the backing of U. S. Senator Joseph F. Gurney and Ross supported by a majority of the state committee.

State Chairman Meredith Meyers has been Harr's chief backer. He arranged a conference in Washington today but would not disclose the names of those he expected to see.

The chairman said he intended to find out "if anybody down there" (Turn to Page Eight)

Sailors on Jacob Jones Sip Coffee as Destroyer Sinks

SIX BOMBERS IS BAG OF YANKEE

Washington, March 4.—(P)—"Lieut. (J. G.) Edward H. O'Hare, U. S. Navy, fighter pilot, personally accounted for six bombers of the enemy."

In that terse sentence of an official communiqué, the navy last night gave credit to its newest ace for a recent busy afternoon west of the Gilbert Islands in the equatorial Pacific.

Eighteen Japanese heavy bombers roared over in two waves to attack a task force of the U. S. fleet. The 27-year-old St. Louis with the Irish name knocked down half a dozen personally; ten more were blasted by other American fliers and by anti-aircraft fire, and none of the surface craft in the U. S. task force was damaged.

St. Louis, March 4.—(P)—Edward H. O'Hare had a new nickname today. Just call him Ace.

The young navy lieutenant—he'll be 28 Friday, March 13—gained his distinctive new title yesterday through a navy communiqué announcing he shot down six (Turn to Page Seven)

REINFORCE YANKS IN IRELAND

Thousands More Cheering, Husky United States Fighting Men Arrive at Undesignated Port to Augment Force in Ulster For More Than a Month

SIXTEEN NURSES ARE IN THE CONTINGENT

BY RICE YAHNER

With U. S. Troops in Northern Ireland, March 4.—(P)—Thousands more cheering, husky United States fighting men have arrived in a northern Ireland port to augment the force that has been in Ulster for more than a month, it was authorized today.

Details of the landing of the fleet of transport and supply ships were withheld until the soldiers, their guns and their other fighting equipment had been scattered to the secluded spots throughout the six northern Ireland counties and the ships had left port.

Compared with the ceremonial landing of the first contingent of the AEF to Europe's part of the World War last month, the latest arrival was a routine job carried out with typical army and navy clockwork precision.

They came in full fighting equipment and with their guns ready. In the contingent were 16 nurses, six Red Cross field representatives and three women assistants.

The nurses hailed from several posts ranging from Boston to Kentucky.

Unlike the January arrival, this embarkation was characterized by cheers of recognition from the men on the dock to those on board ship.

Before the troops marched to lunch at a canteen, they had time to find out things a soldier wants to know about a new place and the latest news from the United States.

(Turn to Page Seven)

FREIGHTER SINKS WITH LOSS OF FIVE

Lewes, Del., Mar. 4.—(P)—The British freighter Gypsum, Prince, 2,915 tons, sank two miles off Lewes today after a collision with the 5,000-ton oil tanker Voco. Five men are missing.

About twenty survivors were landed at the coast guard station here.

Navy officials said the Voco, owned by the Standard Transportation Company of London and chartered by the Socony Vacuum Oil Company, rammed the Gypsum Prince. The freighter sank in four minutes after the collision shortly after 6 a. m. EDT.

Cape May, N. J., March 4.—(P)—They were a very orderly bunch, these sailors on the Jacob Jones. Their destroyer's bow was demolished by the first torpedo from an Axis submarine; the stern was blown to bits by depth bombs set off by the second; but the men midship prepared for the ordeal of the cold Atlantic by donning their suits of heavy underwear and

downing hot coffee from soup ladles before abandoning the United States warship Saturday morning off Cape May.

"We had good sailors on the Jacob," said Joseph Paul Tidwell, 22, of Tuscaloosa, Ala., one of the 11 survivors of the ship which may have had as many as 145 officers and men.

The water was 38 degrees and plenty cold, Richard Dors, 25, of Brockton, Mass., recalled as he and other survivors related the story of the sinking under supervision of naval officers at the naval base yesterday.

Dors said they were four hours at sea before picked up. Eleven members of the crew died while fighting the sea. The others on the Jacob Jones evidently were killed in the explosions.

Philadelphia, March 4.—(P)—The torpedoing of the destroyer Jacob Jones off Cape May, N. J., brought the tragedy of war into at least three Pennsylvania homes today.

Pennsylvania Hero Back in U. S.

Sergeant Joseph Lockard left, of Williamsport, Pa., who gave up his training at Point Barrow, Alaska, December 7, arrives in San Francisco en route to the U. S. Army school. He is shown with Major Robert A. Gilmore.

Western Pennsylvania Digs Out From Blanket of Snow

STATE AND BORO CREWS ARE BUSY OPENING ROADS

All Main Highways in the County Made Available To Traffic as Local Officials Complete Task of Plowing Streets in Town

MANY TRUCKS ENGAGED

This section continued today the job of digging out from under the heavy blanket of snow which covered the area during the storm Monday night and yesterday, but according to reports this morning, it will require another day to get all roads opened for traffic.

All main highways in Warren county had been opened by last night and traffic out of the borough, which was halted early yesterday by police as a precautionary measure, was permitted to move again last evening.

Of the 513 miles of roads in the county, the highway department had about 300 miles yet to plow today, according to County Superintendent G. H. Seigworth.

Highway department forces worked throughout last night on the task. Superintendent Seigworth said the men would continue all of today and tonight on the plowing and unless unforeseen difficulties are encountered, every road should be opened by tomorrow evening.

Eight heavy trucks and two tractors are being used by the highway department in the county.

Borough street department (Turn to Page Seven)

COMPROMISE ON BILL IS SOUGHT

Harrisburg, March 4.—(P)—Senator J. Albert Reed (D-Wash.) interrupted requests for leaves of absences for a half dozen senators today to complain that "even night as well go home unless the senate soon is given something to do."

The senate has only three bills before it: the house, two.

The house was in session barely a half hour today, long enough to report out a number of bills from committee and then adjourned until 9 p. m. next Monday.

Harrisburg, Mar. 4.—(P)—Governor James' controversial demand for extraordinary war powers for himself and the State Defense Council eclipsed all else in the legislature today as both Republicans and Democrats sought a compromise acceptable to the executive.

A senate committee for four Republicans began a canvass of delegates today to learn what state laws they thought should be changed during the national emergency. A similar study was started in the house by Rep. Leo A. Achtemann, (Turn to Page Eight)

MANDATE ISLANDS ATTACKED

Over 18,000 Tons of Enemy Ships Destroyed in Spectacular Raid by General MacArthur's Small Unit, While Another Blasts 16 Heavy Bombers Out of Sky

SURPRISE ASSAULT IS MADE IN SUBIC BAY

Washington, March 4.—(P)—Over 18,000 tons of enemy ships have been destroyed in a spectacular raid by General Douglas MacArthur's small air force, and a task force of the navy has blasted 16 heavy Japanese bombers out of the sky in a deep penetration of Japanese mandated islands.

The double triumphs, while hardly major in character, served to show again today the amazing resourcefulness of MacArthur's little force in the Philippines, and to point up the navy's ideas for carrying the fight to the enemy.

One 10,000-ton ship, one 8,000-tonner, and two motor launches were destroyed in a surprise attack by MacArthur's airmen over Subic Bay. In addition large fires were started among enemy stores on docks of Olongapo and Grande Island, followed by explosions. Many small craft useful to the invaders were damaged.

Two things especially impressed the capital in the account of the action of the Pacific task force: First, prohibitive losses had been inflicted on the enemy—only two or 18 attacking bombers escaped—a fact which spoke volumes for the effectiveness of the fleet's anti-aircraft gunnery and its carrier-borne fighting planes. The bombers failed to score a hit and only two American planes were lost.

Second, fleet task forces were ranging farther westward, evidently closing in on the well-fortified Japanese Carolines islands, where lie such important enemy bases as Ponape, Truk, and Pelew.

The navy communiqué last night did not indicate how deeply the task force penetrated this general area of the Pacific. It said merely that the action had taken place west of the Gilbert Islands—The British possessions occupied by the Japanese early in the war, which a fleet task force raided with destructive results on Jan. 31. The Carolines are west and slightly north of the Gilberts.

After the successful U. S. raid on bases in the Gilbert and Marshall islands, Tokyo sarcastically invited a task force to return to the "hornet's nest" in the mandates.

(Turn to Page Eight)

CRIPPS FAVORS ALL-OUT EFFORT

London, March 4.—(P)—Sir Stafford Cripps, government leader in the house of commons, appealed to the united nations to follow the "all-out" example of Russia in the world fight against Nazism and Fascism in a broadcast speech to the United States today.

"We now are all Allies together to drive aggression and Fascism from the world," Sir Stafford declared.

(Turn to Page Eight)

War Correspondent Ready For Duty After Swim Lessons

BY E. V. W. JONES

Miami, Fla., Mar. 4.—(P)—Larry Allen learned to swim, and today he is due in Washington as the first step of his return to duty as the Associated Press war correspondent with the British Mediterranean fleet.

His instructor, pretty Peggy Diehl, 24, professional swimmer and photographic model, called him a "marvelous student" and declared he should be able to escape and reach a piece of wreckage if another ship is sunk with him aboard.

Allen's determination to learn the art of aquatic locomotion was born of dire necessity. He has had three ships torpedoed under him, experienced 30 dive-bomber attacks, and last December slid feet first from the sinking British cruiser Galatea into the night-blanched waters of the Mediterranean with only an under-inflated life belt to support him.

For three weeks the patient Miss Diehl showed him how to kick his legs, move his arms and keep above the surface. Allen's announced intention—before he first saw Miss Diehl—was to learn to swim 20 feet. After meeting her he thought 100 feet, the length of the Miami Biltmore pool, a better distance.

ANNUAL INDOOR CARNIVAL BEING HELD ON FRIDAY

It may not be the size of the Carnival of Venice, but Friday night's fifth annual Warren High School indoor carnival has all the qualities for an evening of fun and entertainment that the famous Italian city ever possessed, and a huge crowd is anticipated for the largest show offered in the history of the carnival.

From the beginning to end there'll be something going on in every nook and corner on two floors of the high school and the basement, to keep everyone occupied with having a thrill and a laugh a minute with little expense entailed.

Besides the auditorium show, gym show, midway, sample fair, bingo, and the musical comedy "Nutz to You," or which everyone has already read, two other fine features, and traditional parts of the carnival, loom as bigger and more successful departments than they have ever been before.

First of all there will be the side shows which always play an important part at the making of the carnival a success, and this year the new ones have been added; more of them, too, in an effort to give each customer more for his money.

And the other feature, the one which draws the younger set's attention primarily, is the annual dance which climaxes the program and is always patronized by a capacity crowd.

Will Brydon's popular band will provide the music, and that alone promises to make the dance something which those who attend will remember. The popular young maestro is working up a special program which will include the favorite swing tunes of today and several novelty numbers which will be originated or arranged within the organization.

It is revealed by the carnival committee that the dance will follow the same rules as other years as being a special show, costing an additional sum and this may be paid in carnival tickets or in cash. The admission, however is small and a floor show also goes with the rest of the program.

MINSTRELS AT NORTH WARREN OPEN TONIGHT

It is stated today that the presentation of the North Warren Minstrels tonight and tomorrow night will in no way be interfered with because of the snowstorm. The road is in good condition and, as announced in an advertisement elsewhere in this issue, there will be plenty of free, cleared parking place for patrons.

For the benefit of those whose cars are winterbound, there will be a West Ridge bus leaving the depot at 7:30 for North Warren and returning after each performance.

The show begins promptly at 8:30 p. m., with doors opening at 7:30. Tickets are still available, it was stated early today.

FIRST ELECTRIC FURNACE
The first electric furnace for making high quality steel was installed in an American steel mill at Syracuse, N. Y., in 1906.

SOYBEANS vs. AUTOMOBILES
Into the manufacture of every million automobiles goes two million pounds of soybean oil from the crop of 10,000 acres, for making enamels.

Warren County Selective Service Registrants Being Re-classified

Many Warren county Selective Service registrants who formerly were given ratings of 1-B or 4-F are now being reclassified and may be called upon soon to report for final physical examinations for induction into the army, it was revealed here.

The information was revealed by R. C. Thompson, chairman of Local Board No. 1, in an interview yesterday afternoon on what action is being taken here to speed up inductions into the army since the war has been intensified.

Those who were put in 1-B or 4-F because their teeth did not meet the requirements specified by the first draft regulations are now being re-classified, Mr. Thompson stated.

He pointed out that the teeth specifications recently were radically changed. Many of the boys, therefore, automatically become 1-A.

Another regulation which has been changed, according to Mr. Thompson, is that regarding the method of induction. From now on, when the selectees go to Erie for their final examinations, they will be sent to camp immediately, if they pass their examinations and not return home for ten days or more, as in the past.

"A number of boys who have 1-B ratings will be sent in the next contingent to Erie," Mr. Thompson said. "It is only fair that these boys get advance notice that they may be called very soon," he declared.

The date for the next group to go to Erie has not been announced, under War Department regulations.

CONCRETE PIPE FINDS USE AS RAID SHELTER

A new use for concrete pipe was called to the attention of residents of Warren today when it was pointed out that the Universal Concrete Pipe Company, which has a plant here, is now in a position to furnish the pipe for use as air raid shelters.

In commenting on the new use for concrete pipe, an official of the Universal Concrete Pipe Company said today:

"This past Monday, Warren had its second black-out and although we may never have an actual air raid, our prayers may not, like so many have experienced elsewhere, prevent it from happening here."

"We should not be alarmists, however, as we are told this may be a long war, but we can, from the worst lack of planning in other countries, take example of their misfortunes and profit from their terrible experience by planning ahead ourselves."

"While many of us look to our government for suggestions and guidance in these times, we can still help ourselves and do something about our own protection in air raids."

"Many people are familiar with the use of concrete pipe for road culverts and in many instances it has been used for pedestrian underpasses under railroads. Now it can be put to another use, that of an air raid shelter."

"One type, approved in Los Angeles, Calif., is shown in our advertisement which appears on page two of this issue. It can be installed anywhere at low cost. We would welcome your inquiries."

SALVAGE GROUP TO START WORK IN THIS COUNTY

Allen M. Gibson, chairman of the Warren County Council of Defense announced today the appointment of a County Salvage Committee to organize the county's participation in the nation-wide program for salvaging waste materials for use in defense industries.

The committee will be headed by Mrs. E. Pinkney Wroth, who already is chairman of the council's consumers' committee. Other members of the salvage committee will include the members of the consumers' committee, together with some additional members.

It is reported that salvage committees of the district will attend a conference in Erie on March 14. The request for organizing County Salvage Committees came from Dr. A. C. Marts, executive director of the State Council of Defense, who emphasized that the campaign is a "long-term program" and the salvaging of such waste materials as metals, paper, rubber and rags for defense uses.

One of the main objectives of the committees will be to coordinate the work of volunteer organizations and agencies already conducting campaigns to collect salvage, and to see that regular collections are made in each community.

The public, in supporting the salvage program, will be asked to either sell their waste material to scrap dealers or to dispose of it through volunteer or goodwill agencies.

The County Salvage Committee chairman will receive further instructions at regional meetings being arranged by John S. Rice, chairman of the Advisory Salvage Committee of the State Council of Defense, and Colley S. Baker, executive secretary of the advisory group.

Secretary of War Stimson was Governor-General of the Philippines in 1927-29.

EVANGELISM IN ARMY CAMPS TO BE DISCUSSED

Rev. Gilbert L. Howe, traveling in the interest of soldier evangelism, will speak Thursday, March 5, at a service in the Church of the Nazarene at seven-thirty o'clock.

Rev. Howe helped found the Soldier's Gospel Center at Indian-town Gap. Services are held each evening and Sunday afternoons in this frame building not far from the camp. The singing of old familiar hymns brings back memories of former days to the army boys, and many who do not go inside listen through the public address system.

There are twenty thousand boys at the Indian-town Gap camp. Rev. Howe tells in an interesting manner of his efforts to give the gospel to these boys.

The service, although sponsored by the Nazarene Young People's Society, is inter-denominational, and all are cordially invited to this return engagement with Rev. Howe. A free will offering will be taken for soldier evangelism.

TIMES TOPICS

NO KINDERGARTEN
Because of the difficulty of getting the very small children to and from school in the deep snow, there were no kindergarten sessions yesterday or today at Mrs. T. H. Conway's school in the East street building.

LIONS MEETING
At Tuesday's luncheon-meeting of the Lions Club held at the W. C. A. activities building, only one business was transacted. Announcement will be made later concerning a speaker for next Tuesday.

K. OF C. BOWLERS
An important meeting of all bowlers in the K. of C. League will be held Thursday evening at eight o'clock in the rooms of the Knights of Columbus. All members of the league are urged to be present.

HUNT IN LEAP
Nick Mihaloff, 42, of Townville, Crawford county, had a fractured hip for several days and didn't know it. He fell in leaping from an automobile which caught fire. When what he thought was a doctor didn't improve, he went to a doctor and found the bone was broken.

COAL DISCOVERED
Excavating in the basement of the Butler county court house to install an office for the personal property tax collector workmen uncovered a vein of coal. The coal appeared of good quality, but the county commissioners doubted they would abandon the court house addition plan to go into the fuel business temporarily.

"I" OFFICIAL QUILTS
G. William Mansell, general secretary of the Bradford Y. M. C. A. for the past 25 years and well known in Warren, has resigned to become director of a United Service Organizations' building at Camp Forest, Tullahoma, Tenn. A graduate of Westminster College, he went to Bradford in 1919.

GIFT FOR RED CROSS
It was announced today that the Warren Lodge of Elks this morning turned over to the Warren County Chapter, American Red Cross, the sum of \$373.80 for the chapter's war relief fund. This amount represented receipts from the benefit concert given by the Titusville Elks Choir here on February 6.

BRADFORD SPEAKER
Rev. Paul G. Miller, of Bradford, whose illness prevented his presence two weeks ago, will speak tomorrow evening at the Lenten fellowship supper at the First Presbyterian church. Supper is served at 6:15, each family bringing a tureen, and the program which follows is brief, informal and followed by an inspiring address by a minister of the Erie Presbytery.

POEMS IN ANTHOLOGY
As a result of a contest conducted by the H. B. Singer Publishers House, a former Warren girl, now a senior at Maryville College, Maryville, Tenn., Miss Marion Jenkins, has won the distinction of having some of her work included in an anthology of American poetry. Miss Jenkins, graduate of the Warren High School in 1935 and a niece of Mr. and Mrs. Harold Hampton, 424 Conewang avenue, is a daughter of Mr. and Mrs. Thomas Jenkins, of Erie, former residents here. Several of her poems are to be published in the forthcoming "American Voices."

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritic or muscle pain try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ez Compound, a true water-soluble lemon juice. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 3 tablespoons two times a day. Often within 48 hours—sometimes overnight—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, return the empty package for its full refund. It will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ez Compound is for sale and recommended by Miller's Cut Rate and drug stores everywhere.

More Pleasure for You

There's satisfaction in knowing that the 6½¢ revenue tax you pay on every pack of twenty cigarettes is doing its bit for Uncle Sam.

And, when you buy Chesterfields, you have the satisfaction of knowing you are getting a superior blend of the world's best cigarette tobaccos. This famous blend gives you a smoke that is definitely Milder, far Cooler and lots Better-Tasting. Make your next pack Chesterfields. You can't buy a better cigarette.

SAFELY BACK from a raid or dog-fight, it's happy landing for our air fighters when they light up and enjoy the cigarette that Satisfies.

HEALTH BOARD REPORTS GIVEN BY OFFICIALS

In the 1941 report of Health Officer R. N. Brown just submitted are many indications of a busy year, topped only by that of Dr. R. F. Otterbein secretary for the Warren board of health.

Mr. Brown's report shows a total of 2,287 visits made in the placarding of 487 houses, investigation of seven additional cases, not placarded in the case of the same number of houses, complaints and issuance of permits. Part of this activity included inspection of 128 public eating and drinking places and reinspection of 17 of these; also inspection of 148 dairies and reinspection of 97.

This report, along with that of Dr. Otterbein, has been submitted in full to the Times-Mirror and, although space does not permit publishing of the detailed figures in full, they are of importance to the public and anyone desiring to do so may call at the editorial rooms and study them.

The board of health report covers such items as births, deaths, causes of death, and communicable diseases. In 1941 there were 234 resident births and 243 to non-residents for a total of 477 as compared with 452 in 1940. In the death column are 157 residents and 73 non-residents for a total of 230, as compared with 180 in the previous year. Of 756 communicable diseases measles top the list with 528, with chicken pox and whooping cough next at 103 each. Only one case of infantile paralysis is reported for the full year.

The Day in Harrisburg

By the Associated Press
Senate and house convene at 1 p. m.

Republicans and Democrats seek compromise acceptable to Governor James on his demands for broad war powers.

Home rule advocates cheered as senate approves proposed constitutional amendment allowing local governments to fix salaries of employees.

Unemployment compensation increases included in series of bills to be offered legislature next week.

Luther A. Harris' announcement as Democratic gubernatorial candidate assures vigorous fight for nomination.

Legislative commission named to study mine cave-ins meets Monday to plan hearings and set up budget.

The sturgeon is called the royal fish in England because the king can claim any sturgeon caught.

TIMES TOPICS

FAIL TO MAKE TRIP

Doctors William L. Ball and E. R. Anderson made an all-day journey to Union City and back Tuesday in a vain attempt to reach Erie, where they were supposed to serve on the federal dial board. Leaving here early yesterday morning, they were turned back to Corry from Union City and were obliged to wait there until six o'clock last night before snow plows opened the road from Corry to Pittsfield.

TO RAISE FUND

Clergy of the Erie Catholic diocese have announced start of a campaign to raise \$300,000 to present to Bishop John Mark Gansent for educational and charitable needs. The fund will be in celebration of the bishop's 40th anniversary as a priest, which fell last year, and his 25th anniversary as a bishop, which occurs in 1945. The Rt. Rev. Monsignor David Hickey, of Bradford, chairman of the fund committee, said the presentation would be made after Easter.

DIES IN MEADVILLE

John Dodd Van Scoten, 70, president and director of agents for the Standard Life Insurance Company in Pittsburgh died at Meadville yesterday at the home of his daughter Mrs. Edward Irving Bates. He had been ill several months. Surviving are Mrs. Bates, whose husband is general manager of the Tribune Publishing Company in Meadville, the widow and a sister, Mrs. Grant Stock of East Orange, N. J. Funeral services will be held Thursday in Meadville.

SLEUTHING SAILORS

Daniel Huntton, 20, and his 18-year-old brother, Walter, of Erie tried to get into the navy two weeks ago, but they were turned down because they couldn't get

POMONA GRANGE MEETING TO BE HELD THURSDAY

The quarterly session of Warren County Pomona Grange No. 10 will open in the fifth degree at 10 a. m. Thursday in the Ackley Grange Hall with roll call of officers, reports and lowering to fourth degree.

Mrs. Mary Wells, Ackley lecturer, will extend the welcome, with Mrs. Tibbels, Warren Grange lecturer, responding. At 10:30, Walter B. Nissley, vegetable garden extension agent from Pennsylvania State College will offer seed and garden suggestions. Mrs. Margaret Canby, of the hostess grange, will present her home economics program at 11 a. m.

Following, appointment of committees and adjournment will be taken for dinner served in the dining hall. The afternoon session convenes at 1:30, with group singing, home economics features, roll call and discussions and a feature presented by Mrs. Florence Price.

Here's what this would buy for defense in one year:
2,080 SMALL TORPEDO BOATS
or
5,200 37-mm. ANTI-AIRCRAFT GUNS
or
1,300,000 GARAND RIFLES

BUY U.S. DEFENSE BONDS AND STAMPS TODAY

PATRIOTIC WOMEN'S ORGANIZATIONS are doing a real job on the home front in our fight for the American way of life.

Scout leaders near New York City, for the case of this Chinese girl, for the case of this Chinese girl, for the case of this Chinese girl.

A discussion at 7:15 on a contest among subordinates for sell defense bonds and stamps will have as speakers Henry Wucshoff, James Frantz, and Mr. Miller. Group singing will open the regular session at 7:30, with a program feature by Ackley Grange. Further discussion of questions and opening in the fifth degree for exemplification, followed by the routine closing.

Unplanned Feature Enjoyed by Warren Girl Scout Leaders

An unplanned feature proved to be the sensation of the afternoon tea which was given by Mrs. Karl Nichols for Girl Scouts of Warren county who represent the Jibbelle Low Fund in their troops.

The news of such great interest arrived Saturday in a letter from Mrs. Arthur Choate, national chairman of the fund and stated that at a meeting of the international committee on February 24 the sum of \$50 was allowed. Miss Ya-Fu Lee for current expenses not included in her scholarship at Drew University this semester and, in addition a scholarship for training and traveling expenses from Drew to Camp Edith M. Y. national training school for Girl Scout leaders near New York City.

The word telegraph dates back to 300 B. C. It is a combination of two Greek words, tele, "afar off" and graph, "to write," or literally to write afar off.

McKenney On Bridge

LEAD FROM TENACE MAY BE NECESSARY DEFENSE STRATEGY

BY WILLIAM E. MCKENNEY
America's Card Authority

The natural reluctance of a player to open blind away from tenaces must not be pushed too far. Remember that in leading from high cards, even in a tenace, you stand a chance to establish some top tricks in a hurry if your partner has any honor in the suit. Leading from a topless suit, or from a short weak holding, may serve as a safe exit, but existing is safe only when you can afford to wait for your tricks.

Rooms and Board

68 Rooms Without Board

Today's hand shows a typical bidding situation where the defenders have every indication that they cannot afford to wait. South has bid diamonds originally and has rebid them. He didn't like spades, but was willing to attempt three no trump when North rebid spades.

All these facts point to a long strong diamond suit in South's hand. East especially can see this probability for he knows that his queen is going to drop. East can also see from his king of spades that North has six or seven spades topped by enough so that the one trick to the king will be lost in taking out trumps.

Of what use is a so-called safe exit here? The moment the declarer gets in the lead, he will take out trumps and then run off South's diamond suit.

In yesterday's hand the leader held J-10-9 in a suit and the lead of the jack was indicated as his best opening. From the bidding and from the rest of his hand, but for East open the jack of hearts here would be silly. He has to try to develop the defensive tricks in a hurry.

Naturally then he has to count on finding an honor in West's hand in whatever suit he opens. But the jack of hearts is too low to be substantially aided by a single honor. The right lead is the five of clubs. Then if West turns up with the ace or queen, the defense may cash or develop enough tricks to stop game before the king of spades is forced out.

The United States produces nearly half the world's supply of raw materials and regularly consumes as much as the rest of the world combined.

FRIDAY LUNCHEON

Friday noon Lenten luncheons will be resumed this week at the Y. M. C. A. Dinner will be served at 12:07 o'clock and the meeting will be over at one. The speaker will be Dr. T. E. Colley whose subject will be "Lenten Meditation." Reservations should be made by Thursday evening.

REMOVE DRIFT

Firemen were called to the Community Consumer Discount Company at 3:43 o'clock yesterday afternoon to remove a large snow drift on the roof of the building which was protruding over the sidewalk. After a portion of the sidewalk had been roofed off firemen worked the drift loose from the roof of the building. Had it fallen on passersby, it could have resulted in serious injury.

FIRE IN LABORATORY

A box alarm took the borough's fire equipment to the plant of the Royal Manufacturing Company, Hanover street, about 12:45 o'clock this afternoon. A report in the laboratory let loose and caused a blaze in a test hood. Damage was confined to the laboratory equipment in the hood, which amounted to about \$100, according to Fire Chief Douglas G. Kropf.

CRASH AT OVERHEAD

An accident involving a Pontiac, driven by Clarence H. Wilkinson, Warren R. D. C., and a freight trailer truck operated by Camel-L. Meachon, of Westfield, N. Y., occurred about six o'clock last evening at the Scott overhead crossing on Route 6. Wilkinson's car was traveling east in the highway and is reported to have collided with the left rear wheel of the truck, which was traveling in the opposite direction. The truck is owned by Orel J. Brown, of Erie. According to Corporal D. A. Gehr, who investigated, damage to the Pontiac was about \$350 while damage to the truck was about \$160.

It's A STORMY STORY

WASHINGTON, Mar. 4.—(P)—The arrival of additional American troops in northern Ireland today, the war department issued a communique saying no information would be made public as to designation of units, their composition and strength, the ports of embarkation, sailing dates or other details of the movement.

RESIGNS AS MINISTER

WASHINGTON, Mar. 4.—(P)—The former resignation of George H. Earle as minister to Bulgaria was announced today at the White House. Earle was recently commissioned as a lieutenant commander in the navy.

In 1880, James A. Garfield was a United States Representative, a Senator-elect, and a President-elect.

QUICK CHANGE

YIELDS PART OF TUESDAY GAINS

BY VICTOR EUBANK
New York, Mar. 4.—(P)—The stock market put on another quick change act today and yielded a substantial part of Tuesday's gains.

Recent buyers took advantage of an irregularly higher opening to cash in profits. Follow through demand was feeble and near the fourth hour most leaders were in lower territory, although losses as a rule were narrow. A few stocks retained their early improvement.

Trying to account for the relapse after the market in the previous session had weathered the shock of the treasury's tax program and still pushed ahead for its average best gain in about three weeks, analysis suggested a resurgence of fears for Java and danger of real French collaboration with the Nazis in consequence of British bombing of industrial areas near Paris.

Shares on the outside most of the time included U. S. Steel, Bethlehem, Chrysler, United Aircraft, Texas Co., and Santa Fe. Resistance was shown by U. S. Gypsum.

State and Boro Crews Are Busy Opening Roads

(From Page One)
forces, under the direction of Street Commissioner E. T. Beck, are expected to complete the work of plowing all streets here by tonight. Department employees have been on the job since two o'clock this morning, plowing streets and hauling away snow.

Four trucks were being used to haul the snow today and more may be added tomorrow if men are available. Building owners in Warren put crews to work yesterday afternoon and today shoveling the heavy snow from structures with flat roofs, in order to prevent possible accidents. The snow, according to Fire Chief Douglas G. Kropf, weighed seven pounds to the cubic foot as it fell without packing.

The fire department was called yesterday afternoon to remove dangerous icicles from the ledge of the building at Hickory street and Pennsylvania avenue, occupied by the Community Consumers' Discount Company.

All day yesterday the fire department had double crews on duty because of the large number of blocked streets. In order to give adequate protection, the extra men were called out so that sufficient hose could be laid in case of a fire on a blocked street.

School attendance here was nearly back to normal today, although some children residing in rural districts were unable to get to classes until roads are opened. A number of county schools remained closed pending the clearing of highways.

HONOLULU SHAKEN BY HEAVY BLASTS

Honolulu, Mar. 4.—(P)—Three heavy explosions shook Honolulu today immediately after screaming air raid sirens awakened the city at 2:10 a. m.

Army officials said, however, there was no air raid and that the sirens were sounded inadvertently. The cause of the explosions was not disclosed.

Honolulu police said a number of windows were broken by the concussions. Telephone switchboards were swamped with calls.

BOYS IN THE SERVICE

Sgt. R. O. (Bob) Carlson has left for Mitchell Field, New York, after spending a five-day furlough with his parents and friends here.

James Newton, private first class, is home on furlough from Fort Leavenworth, Kans., visiting his parents, Mr. and Mrs. James Newton, at North Warren.

Make This Model At Home

4021

A chic home frock—isn't that just what you need for the busy days ahead? Make Pattern 4021 your first choice—it's an Anne Adams original you'll never tire of wearing! Plan to make two versions immediately—one brightly dyed, one with gay contrast for the belt and that novel scalloped yoke. This quick-to-sew design has only one seam in front and in back too, and is neatly fitted by darts at the waist.

Pattern 4021 is available in misses' and women's sizes 14, 16, 18, 20, 32, 34, 36, 38, 40 and 42. Size 16 takes 3 1/2 yards 35 inch fabric.

Send FIFTEEN CENTS (plus ONE CENT to cover cost of mailing) for this Anne Adams pattern. Just TEN CENTS more brings Whip! mainly SIZE, NAME, ADDRESS and STYLE NUMBER. Our Spring Pattern Book, brimful of original, smart styles that are easy for even beginners to make. Dressed and tailored wear; smart fashions for morning, noon and night.

Send your order to Times-Mirror, Pattern Department, 243 West 17th St., New York, N. Y.

Irvine

Irvine, Feb. 28—Mrs. Theresa Tettio who is living with Mr. and Mrs. Ralph Wilson at present passed another birthday Monday, February 23rd and on Wednesday the 25th a party of relatives and friends took her by surprise and with presents and delicious eats the afternoon was spent very pleasantly.

Tuesday, February 24th Jack Dailey spent his 17th birthday. He was honored with a few relatives and neighbors for a delicious six o'clock dinner.

Jack Applanap celebrated his 13th birthday on February 25th. W. C. Applanap, who has been confined to his home for a few days is much improved.

Mrs. Fred Wilson spent Thursday with her mother, Mrs. Wallace in Kane.

Delightful Recital Presented by Pupils At the Conservatory

While the storm kept several of the participants from reaching the Conservatory Tuesday evening, a well-filled auditorium greeted the program which Eugene Kuester had arranged for the mid-winter recital.

James Shortt played for the opening number Bach's "Air for the G String," creating atmosphere for the numbers to follow. Later, he gave evidence of an ever-broadening artistry in the Euterpe Kreisler "Songs My Mother Taught Me," very difficult technically.

In the arias, special mention should be made of the fine work of Ruth Satterlund, Mary Ann Lundmark and Clayton Sanden, while Constance Day displayed a lovely sustained quality to the Korngold aria from "The Dead City," heard here for the first time. Frank Molinaro gave a splendid rendition of "La Donna e Mobile," and Gloria Hausman sang the Mozart aria with charm.

For the songs, Joyce Ramsdell distinguished herself in the singing of "Chanson Provençal" by Dell' Aquia; Bonny Johnson gave a lovely tone quality to Tschalkowsky's "At the Ball"; Ruth Lindquist gave especial pleasure in the favorite, "Still As the Night," and Harold Knappenberger, Jr., gave evidence of a promising tenor in Homer's "Requiem."

Particularly enjoyed was the singing of the patriotic prayer, "God Bless Our Land" by Kountz, in which the sopority and volume of the uniformly trained singers was marked.

Mission Study Unit Will Have Speaker On China Conditions

Officers of the Interdenominational Mission Study Group are desirous of a large attendance at the March meeting, which will be held at 2:30 o'clock Friday afternoon in the Trinity Memorial parish house.

The program committee has secured as its guest speaker Mrs. Charles H. Lewis, of New York City, now on furlough after 22 years as Presbyterian missionary in China. She has announced as her topic for the local meeting "These Things I Have Seen."

Mrs. Lewis has been in China since 1920 and her field of service has been in the South China Mission. She and her husband, Rev. Lewis, have been stationed at different times in three of the chief centers of work: The great port city of Canton and the inland cities of Yungking and Kweichow.

During the past year and more of warfare, much of their work and many responsibilities have had to be put aside for relief work and the needs of a country at war. Canton has been bombed from the air several times, with disastrous results and foreigners and Chinese have shared in the work of relief and what rehabilitation has been possible.

Mrs. Lewis has been through difficult and even dangerous experiences and comes to American audiences with many facts and needs of the country.

Social Events

HAZELTINE DIVISION

The Isabelle Hazeltine Division of the W. S. C. S. will meet Thursday evening at eight o'clock in Dunham parlors of the First Methodist church. Devotions will be in charge of Mrs. J. D. Shortt and the program of special interest will include a book review, "Christian Roots of Democracy in America," will be given by Mrs. Byron Knapp. Mrs. Lynn Branch and her committee will be in charge of the social hour which follows.

FIDELIS CLASS

The Fidelis Class of the Epworth Methodist church will meet Thursday at eight o'clock at the home of Mrs. Perry Mahaffey, 13 Mead street. There will be election of officers and a large attendance is hoped for.

HOME FROM SOUTH

Miss Margaret Johnson, 605 Madison avenue, returned yesterday from a two-month stay at Fort Pierce, Fla. En route, she stopped in Washington, D. C., to visit her sister, Vera G. Johnson, second lieutenant, who is stationed at Fort Meade, Md.

SEWING CIRCLE

Tabitha Sewing Circle members will be entertained Thursday afternoon at the home of Mrs. Thomas Anderson, 291 Russell street, and all members and friends are welcome.

SIGMA TAU DELTA

The regular meeting of the Sigma Tau Delta Sorority will be held this evening at the home of Mary Alice and Ellen O'Connor, 20 Morrison street, at 7:30 o'clock.

MOTHERS' CLUB HOLDS MEETING

Mrs. Fred Plummer conducted the March meeting of the Home Street Mothers' Club, dispensing with routine business so that the session might be dismissed early to conform with blackout regulations. The sum of \$25 was voted to the Red Cross and it was decided to have another paper sale project late in April. The following were named as a nominating committee to report next month: Mrs. F. E. Kieshauser, Mrs. Francis DeLong and Mrs. Clifford Johnson.

The program consisted of a delightful and interesting talk by Mrs. Magno de Carvalho on "Life in Brazil," who graciously answered questions of members at the close of her talk. Members were reminded that the next regular meeting will be the second Monday in April, because of the Easter holiday on the first Monday.

Social Events

FRIENDSHIP CLUB ENJOYS GATHERING

Election of officers featured a short business session held Monday evening by the Friendship Club of the First Presbyterian church. Mrs. Norbert Peterson was named chairman; Mrs. Harry Summers, treasurer; Miss Elizabeth Lopez, secretary.

The group then joined the Dickson Class which was entertaining for Dr. and Mrs. Thomas Dickson, here for a short visit from York. Mrs. Althea N. Correll was assisted by three Girl Scouts, Olga Glassman, Dora Messner and Mary Evelyn Hill, in a presentation of "The American Flag in Defense." Refreshments were served by the Dickson class.

MISSIONARY SOCIETY OBSERVES ANNIVERSARY

The Women's Missionary Society of the First Evangelical church will celebrate its 58th anniversary tomorrow evening at 7:30 o'clock at the home of Mrs. Ed Schwing, 2 Third avenue west. There will be the usual devotional and business meeting, with a lesson period led by Mrs. Guy McCloskey, from the book "Seed and the Soil." Refreshments will be served by Mrs. John Lawson, Mrs. A. D. Johnson, Mrs. Walter North and the hostess. All members and friends are requested to be present.

Vocational Education

Defense Training News

The vocational education division of the Department of Public Instruction has just approved the application for another course in forge and shop practice at Wrightsville. Al Westren and John Laurick, instructors, are to receive a piece of work for young men of Freeland and Spring Creek townships.

Tionesta borough is planning to conduct a machine shop course under the direction of Karl Flowers and Charles Harvey at the latter's shop which is an ideal set up for this type of training. Mr. Harvey will place his shop at the disposal of the defense committee at a small rental charge. Not only does this shop have a vast supply of miscellaneous small tools but also lathes, drill presses, welders, planers and grinders.

C. C. C. No. 1, located at Marienville, is concluding their four training classes as of March 1st, since this camp is to be closed before the middle of the month. One course, however, will be transferred to the borough of Marienville for local enrollees. Dean Gettler will continue this course at a local plant.

Future Farmer News

Columbus Chapter of the F. F. A. recently reorganized and elected the following officers for 1942: George Savko, president; Robert Betts, vice president; Norman Swart, secretary; Clare Cobb, treasurer; Thomas Sadowski, reporter. All young men are of Columbus township. The first group endeavor was the staging of a roller skating party in cooperation with the Brokenstraw Chapter at Lottsville. Over eighty young people enjoyed the party.

Home Economics News

A school lunch project has recently been undertaken by the home economics department at Tidoute. About 40 pupils have been served each day using surplus Food Commodities supplied by pupil contributions.

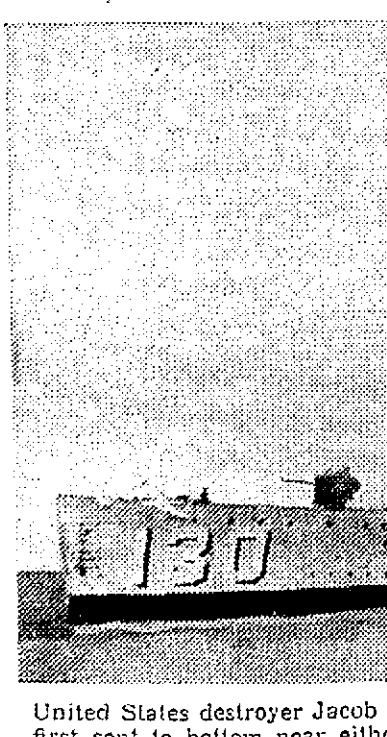

The food has been prepared and served by Senior High School home economics students under the direction of their teacher, Miss Dorothy Stout.

The purpose of this project is to supplement the lunches the pupils carry by serving one hot dish. Pupils report that they not only like the food served, but enjoy the sociability and atmosphere provided by the home economics department.

Since this department is not equipped for teaching or serving foods, the sponsors are handicapped in their work. They will appreciate any contributions toward their kitchen. At present they are especially in need of dish towels, muffin tins, and knives and forks.

Youngsville home economics department in cooperation with the art department was responsible for costumes for the opera "Tom Sawyer" presented this week. The costumes were designed by the

First Naval Loss Close to U. S. Shores

United States destroyer Jacob Jones, pictured here, was ninth American warship sunk in the war, but first sent to bottom near either U. S. coast. World War I destroyer was torpedoed off Cape May, N. J., with loss of more than 100 officers and men.

Junior Students who were studying clothing design in their related art class taught by Mrs. Virginia Lake, The outfits were then made under the direction of their home economics teacher, Miss Gertrude Ostroski.

Educational films entitled "Love in the Kitchen" and "Meat for Thought" were shown this week in the day-unit classes taught by Arlene M. Schure, home economics education advisor. Miss Schure teaches each week at Russell, Lander, Lottsville, Columbus, and Kindred.

The same films were shown at the adult homemaking class at Clarendon Monday night and at vocational students at Youngsville and the boys home economics class at Sheffield on Friday.

This week a new group of girls moved into the Home Economics House at Sugar Grove, Virginia White, Marguerite Richmond, Mary Nelson, Alice Falconer, Maxine Hoy, and Evangeline Sullivan began their home management unit under the direction of their teacher, Miss Kathryn Keslar. Maxine Hoy is the hostess and Virginia White is the cook.

Last week the home management group entertained the faculty and the students who go on the basketball trips with a "Rink-tandiddy" lunch, Thursday evening. Miss Louise Edin and Mr. and Mrs. Delmar Mickelson were dinner guests of the girls at the building. Pearl Curtis was their hostess.

Western Pennsylvania Digs Out From Blanke of Snow

(From Page One)

Some observers recalled it was a snow of almost the same intensity as the one in January, 1938, which later was blamed for setting up the disastrous 1936 St. Patrick's Day flood.

Parking in Pittsburgh's golden triangle was prohibited today as crews struggled to clear the streets from the effects of a 25-hour storm.

Three persons were killed in automobile accidents.

Scores of mines in the district were forced to shut down, or operate with skeleton crews due to snowbound roads.

All highway workers and equipment were called into action. Officials reported that for a time only the main roads were open.

Crawford and Erie counties reported a 14-inch fall. General route 27 connecting Meadville and Titusville was closed for a time.

Pittsburgh hired 200 extra men to aid a force of 400 and expected to increase the total to 750. Officials estimated the cleanup job would cost Pa. Pitt a neat \$25,000.

Sugar Grove

Sugar Grove, Feb. 27—Mrs. James Pelton opened her home to the Hill and Dale Garden Club, Wednesday afternoon. Assisting hostesses were Mrs. Robert Cunningham, Mrs. Carl Allen and Miss Josephine Ricker. Twenty-nine members and one guest, Miss Mary Hamilton, were present. Mrs. J. A. McIntosh presided at the business meeting. The club voted to plan some way to remember the service men in the coming months. A card was read from Charles Gruber stationed at Honolulu, expressing thanks for his Christmas box.

The new year books were distributed and the club expressed thanks and appreciation to Mrs. Minnie Randall, who beautifully painted flower designs on the covers, and Mrs. Donald Abbott for the typing. Response to roll call was quotations from Lincoln and Washington. Mrs. Paul Lindell announced the program. Mrs. Clara Burgett gave an article "Growing Dahlias" and Mrs. Harry Nelson read a paper on the "Lives of Washington and Lincoln." Mrs. M. L. Johnson and Mrs. Ralph Abbott conducted a contest on seed guessing with prizes of potted ferns going to Mrs. McIntosh and Mrs. Margaret Woodside.

Mrs. Agnes Abbott and Mrs. Lewis Barlow were elected to membership and Mrs. Frank Conklin reinstated. The hostesses served strawberry short cake, coffee and tea. The hostesses for the March meeting are Mrs. Woodside, Mrs. Frank Richmond, Mrs. Minnie Randall and Mrs. M. L. Johnson.

The Sugar Grove Reading Club will meet Tuesday evening, March 3rd, at the home of Mrs. Allen H. Frank.

Cripps Favors All-Out Effort

(From Page One)

"After the victory let us remain in the same gallant company to rebuild a stricken world upon the foundations of justice and equality that will secure for us, for them and for all people of the world a happier, saner and more peaceful future."

He warned repeatedly that the Allies' recent heavy setbacks would be followed by further reverses, but insisted that "modern war, on the gigantic and farflung scale upon which it now is being waged, is not finally won or lost as the result of territorial gains here or there."

Nelson's Order to Give Small Firms a Chance

(From Page One)

efforts to bring new plants into the picture had concentrated on encouraging contractors for the completed weapons to subcontract "bits and pieces" to smaller plants and factories.

The Nelson decree, instead, will let smaller plants contract for the weapons themselves, specifically the more easily handled items.

600 Die in RAF Raids in France

(From Page One)

collapsed like packs of cards," represented no change in RAF policy, but merely in the weather, which was clear and thus aided the raiders.

However, it was notable that this was the first time the British had risked the anger of the French by a heavy attack on any objective near the German-occupied French capital.

There was no consultation between the British foreign office and the state department in Washington before the RAF launched the raid, it was learned.

Since the U. S. state department has borne the brunt of representing the Allied cause at Vichy from the time the United States entered the war, this was regarded as highly significant.

The German radio, meantime, reported that the British planes had showered large quantities of leaflets over Paris during the attack. The Nazi-controlled Paris radio was off the air during its regular 1 p. m. news period.

According to unofficial reports the Renault factory has been manufacturing 40-man "invasion planes" for the Germans, huge transports destined to be used for the eventual all-out assault on Britain.

Informed sources believed the way was cleared for the raid by last Friday night's attack by British parachute troops on the Nazi radio location station at Bruneval, just north of Le Havre.

They declared demolition of this station had allowed the RAF bombers to cross the French coast and approach Paris undetected, and predicted that bombing of the Renault plant would be duplicated in other attacks on industrial areas in northern France.

Compromise on Bill is Sought

(From Page One)

The Democratic floor leader, the matter with James Eastland and Republican Floor Leader James A. Clegg said later he thought the best method would be to draw up separate laws covering individual situations.

He quoted the governor, however, as saying that to gather all such changes into one bill or a series of bills would be an "unending task."

Overwhelming opposition to James' original suggestion had come from both major parties, and his bill to carry it out has been held up in senate committee.

Mandate Islands Attacked

(From Page One)

Whether it was the same task force that paid the return call was not specified in last night's communiqué.

Early American railroads experimented with cars equipped with sails for motive power.
